TWO VISITORS IN- TEREST FARMERS

Representatives of Agricultural
Department and Farmers'
Union Speak Here

LARGE AUDIENCE PRESENT

Fletcher Davis of Hondo, speaker for the Agricultural Department of Texas, and Henry Bendele of the Farmers' Union spoke to an audience composed of farmers, business men and ladies here Wednesday night.

Mr. Davis made a short and very interesting speech, and should the farmers of this county take advantage of his good advice we feel sure they would never rue it.

Mr. Davis said that the greatest problem before the cotton farmer is a crop that can be turned into immediate money. Among the many substitutes Mr. Davis said corn will undoubtedly be a good price next year, and that broom corn brings a good price and there is always a market for it. He said this county is a good place for sheep, that they will keep the broom weed down, and will bring good money from wool and meat.

The most valuable thing he said—and something every farmer and business should remember—was: If at any time a pest should be discovered destroying your crops, write to the department at College Station and you will be forwarded the desired information; and in case you want a market for some product or want to sell a farm product the department is always ready and anxious to help you. This department was created by the legislature and is a great benefit to the farmers who are taking advantage of it.

Mr. Bendele talked at length to the audience, detailing the merits of the Farmers' Union and said the greatest desire of the Union is the co-operation of the merchants.—Devine News.

Sturm Hill News.

Mr. and Mrs. Oscar Saathoff entertained their friends with a party at their home in Quilhi Wednesday night. Various games were played until midnight, when all departed for their homes well pleased with the night's enjoyment. Those present were: Misses Lula and Minnie Buas, Frieda Balzen, Della Oefinger, Ella Schweers, Mrs. Saathoff, Minnie Oefinger, Lette Breiten, Emma Boehle, Lette Oefinger, Mollie Mummie, Julia Muennink, Lydia Riff, Misses Carter and Langford, Mr. and Mrs. E. Balzen, and Mr. and Mrs. John Muennink. Messrs. Robert Riff, Chester and Hugo Saathoff, Arnold, Balzen and Otto Balzen, Arthur Haas, Ed. Oefinger, Walter Fuos, Adolf Schart, Chris. and Robert Neitenmeier, Bonnie and Oswald Oefinger, Harry J. and Joe Boehle, Robert Schardt, Henry G., George and Bill Boehle, Harry Heyen, Ed. Balzen, Robert Breiten, Julius Mummie, Henry Schweers, Louis Gerdes, Harry Aden, Willie Bohmfalk, Ernest Balzen, Ehme Schulte, Frank Neumann, Otto Schmidt, Leo Schweers, Harry Martin, Nick Reitzer and family, Simon Kohlf and wife, and several others, but failed to get their names. Mr. and Mrs. John Balzen visited relatives at Vandenberg one day last week.

Arthur Haas made a business trip to Hondo Thursday. Otto Neuman, Edwin Balzen and Bill Fuos transacted business in Hondo the middle of the week. Rev. Hoefler and family of Quilhi are guests of Mr. and Mrs. Robert Saathoff Wednesday.

Mr. and Mrs. John Carle and sons, Harry and Ferdie, of Bader Settlement, were shopping in Hondo Monday.

R. Gaines of Hondo was here the last of the week on business and quite a number from here attended a masquerade dance at Kutzen last Saturday night and reported a good time. Fourteen were masked: Misses Emma, Bertha and Lette Boehle, Alma Borchers, Chris. Saathoff, and Mrs. Charlie Senne. Messrs. Henry G. Boehle, Adolf Eckert, George Senne, And. Oefinger, Bert Breiten, Herman Lindenburger, Eckhart and Jim Evans.

Mrs. Willie Reitzer of Dunlay is spending the week with her daughter, Pete Huegele.

The infant daughter of Mr. and Mrs. Frank Schulte was seriously ill, but at last report she is doing nicely.

This Star of the Screen Played With Illustrating First

MARY ALDEN,
RELIANCE-MUTUAL
★ STAR ★

Mary Alden just stumbled into the motion picture field after trying art and the legitimate. She is a native of New Orleans and was educated at Notre Dame college, Montreal. Then she took up illustrating at the Art Students' league, New York, and because she needed money to help pay for her lessons she applied for a place in the company of Sis Hopkins.

This she regarded at the time merely as a temporary expedient. But, discovering that she really had dramatic ability, she considered herself fortunate when the following season she found a position with Minnie Maddern Fiske.

It was at the close of this engagement that she chanced to visit a motion picture studio and was requested by the director to walk across the scene. The fascination of acting before the lens took hold of her on the spot, and today she is taking character-heroina leads in the Mutual program under the direction of D. W. Griffith.

Above all things Miss Alden is fond of the outdoor life of California. She is expert with the tennis racket and the golf club. She can ride superbly, and when it comes to making a motorcar do tricks she is there, par excellence. With it all—and perhaps it is because this characteristic is so strongly developed in her that her success has been so great—there is innate modesty and a kindness of heart that makes her a favorite with her comrades.

ABOLISH SCHOOL DISTRICT NO. 20

The Coal Mine School District to
Be Incorporated in Lytle
Independent District

OTHER COURT MATTERS

The commissioners' court met in special session last Tuesday, the object of the meeting being to confer with a committee of citizens from School District No. 20 (Coal Mine School), relative to school matters in that section of the county.

There was a movement started by the Lytle people to establish an independent school district, that portion of Medina county adjacent to and forming a part of the Coal Mines School District No. 20 to be incorporated into the new Lytle Independent School District. To make an investigation as to the merits of this proposed district and to ascertain the wishes of the patrons of the Coal Mines school the county commissioners of Medina county had the bill creating the Lytle Independent School held up in the Senate until the matter could be investigated, consequently this special session of the court.

Messrs. Riley, Bean, Garnand (2), Johnson, Prof. Johnson, Ragsdale, Bennett, and perhaps others whose names we failed to get, patrons and trustees of the old Coal Mines school, appeared before the commissioners and strongly urged consolidation with the proposed Lytle independent school district, claiming that such consolidation would be of great advantage to the scholastics of that section as it would give access to a high school instead of a graded school course. After a full investigation of conditions and being convinced that the proposed change would be of great benefit to the children affected, the court readily withdrew its opposition heretofore made, and an agreement was reached whereby that portion of School District No. 20 adjacent to Lytle, shall be consolidated for school purposes with the Lytle Independent School District. The remainder of School District No. 20 will hereafter be consolidated with the Natalia School District.

Among other business transacted by the court was the transfer of \$2,000 from the general to the bridge fund, and authorizing the treasurer to advance the Uueda Bridge Co. \$500.00. This company is constructing the bridge over the Hondo at the Tally Barnett crossing. Barring accidents and bad weather the bridge will be completed and turned over to the court and opened to traffic by the middle of the coming week.

John Henry Meyer Is Painfully Burned

John Henry, the seven-year old son of Dr. and Mrs. H. J. Meyer, was severely burned about the face Sunday afternoon at the Ruthe ranch, where the family had been visiting.

John Henry found a loaded shot-gun shell on the dresser, chewed the top off and ignited the powder.

His face, eyes and hair were severely burned, but, while the wound is very painful, no serious results are feared.

John Henry is running around as spry as ever, and with the exception of a very badly scarred face, he is very little worse for his celebration.

Miss Pike Entertains Honoring Miss Traylor

Miss Christine Pike entertained Wednesday afternoon in honor of Miss Traylor of Edna, Forty-two and bridge were the games of the afternoon. The color scheme of green was carried out both in the tally cards and prizes.

Mrs. Schmitt and Miss Dorothy Harris were both honored with first prizes, while Mrs. Earl Boon and Mrs. J. H. Fletcher both received "boobies."

Delicious refreshments of strawberries and cream and assorted cakes were served.

Every one present enjoyed the afternoon and departed complimenting Miss Pike as being an ideal hostess.

Doing Their Duty.

Scores of Hondo Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Proof of their worth in the following: J. F. Gardner, Oak St., Uvalde, Texas, says: "I have found that Doan's Kidney Pills will do all that is claimed for them and I take pleasure in publicly recommending them. My kidneys gave me a lot of trouble. Their action was irregular, and often the secretions were painful in passage. I also had pains through my back and sides. I finally heard about Doan's Kidney Pills and they made me feel a great deal better."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gardner had. Foster-Milburn Co., Props., Buffalo, N. Y.

To The Housewife.

Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by All Dealers.

Tuck the laprobe about your wife as carefully as you did when she was only your best girl, and assist her in alighting. Little courtesies are what make the domestic machinery run smoothly.

For The Stomach and Liver.

L. N. Stuart, West Webster, N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as represented. They are mild in their action and the results have been satisfactory. I value them highly." For sale by All Dealers.

Instead of climbing in the buggy and then yelling to your wife to hurry, go into the house and take care of the baby while she puts up the dinner. She'll enjoy the picnic better, and so will you.

Recommends Chamberlain's Cough Remedy.

"I take pleasure in recommending Chamberlain's Cough Remedy to my customers because I have confidence in it. I find that they are pleased with it and call for it when again in need of such a medicine," writes J. W. Saxon, Monteville, Mo. For sale by All Dealers.

The man who will allow his neighbor's cow to get into mischief and won't tell him because there has been friction between them, is not acting on the square.

Best Treatment For Constipation.

"My daughter used Chamberlain's Tablets for constipation with good results and I can recommend them highly," writes Paul B. Babin, Brushy, La. For sale by All Dealers.

Go to the circus and take the children. Nothing in later years will give them one-tenth the pleasure.

A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. For sale by all Dealers.

'VEST POCKET' WATER CYCLE

Small Contrivance That Can Be Used With Good Results, and Is Easily Carried.

This girl in knickerbockers is using a "vest pocket" watercycle, the invention of her father, who folds it up and carries it when it is not in use on the water. Of course, it cannot be carried in the pocket of a waistcoat, even if it were the garment of the largest "human behemoth" ever exhibited in the circus sideshow, but it can be folded and transported without inconvenience. It weighs only 22 pounds. It is a catamaran fitted with a propeller and mechanism for driving the

propeller by hand. The two pontoons are made of rubber and waterproof duck, and may be inflated with a common bicycle pump. They are connected by a light metal framework, which carries the seat and supports the driving mechanism.

By means of step-up gearing between the hand cranks and the propeller the latter may be driven at high speed. The boat is steered with the seat, which is connected with the rudder.

A tight feeling in the chest accompanied by a short, dry cough, indicates an inflamed condition in the lungs. To relieve it buy the dollar size Ballard's Horeh and Syrup; you get with each bottle a free Herick's Red Pepper Porous Plaster for the chest. The syrup relaxes the tightness, and the plaster draws out the inflammation. It is an ideal combination for curing colds settled in the lungs. Sold by W. H. Windrow.

Madam! Would You Pay 25c for 50c Worth of the Finest Cream?

Because 15,672 druggists and physicians have built laboratories and are manufacturing toilet requisites you can, today, get a big jar of the finest Face Cream in existence containing Peroxide [the original Peroxide Cream] 50c worth for 25c. If it were imported you would pay \$1.00 for the same jar.

We're positive you'll agree that the quality of A. D. S. Peroxide Cream [Trademark Peredix] is better than any 50c or \$1.00 Cream—domestic or imported—you ever used, or you can have your money back.

This organization of physicians and chemists was the first to put Peroxide in Cream. We invented it in our laboratories in New York City.

The germs that fly in the air and the dust that settles on your face are dangerous to your complexion. Pimples and blackheads get their start this way. But the user of Peroxide Cream has always protection against dust and pests. The Peroxide liberates oxygen and whitens the skin, keeping away pimples. The skin is made clear, soft and velvety.

The 25c jar is as big as the 50c jar of other Face Cream. At A. D. S. store

The Road to Youth.

Since I resolved to look for Joys
In all created things,
To turn my back on what annoys,
And hush all murmurings;
To look upon my neighbor as
A man who means me well,
And let the cloud that lowers pass
All heedless of its spell;
To seek the brighter side of all
That comes athwart my way,
And every morning to recall
Some happy bygone day;
To thrust from out my heart and mind
All evil thoughts, and mean,
And everywhere I glance to find
Some beauty in the scene.
I find that though my days increase
My years diminish. Truth
To tell, the method brings me Peace,
And holds me close to Youth!

TO BUILD UP

both the flesh and strength of pale, puny, scrofulous children, for young or old people, get Dr. Pierce's Golden Medical Discovery. It's the best thing known for a wasted body and a weakened system. It thoroughly purifies the blood, enriches it and makes effective every natural means of cleansing, repairing and nourishing the system. In recovering from fevers, pneumonia, or other debilitating diseases, nothing can equal it as an appetizing, restorative tonic to bring back health and vigor. Cures nervous and general debility. Sold in Tablet or Liquid form. Purify and rid your blood of the taints and poisons that make it easy for disease to fasten its hold.

As an all round tonic and builder.

Mrs. MARY HAY, of No. 1002 Nettle Street, Dallas, Texas, says: "My mother was in bad health for some time. She took Dr. Pierce's Golden Medical Discovery which was very helpful to her. I was glad to recommend the 'Discovery' to friends."

GREAT calamities touch the hearts and open the purse-strings of the multitude, because of the publicity given. Individual suffering often goes unrelieved, because it makes no sign. Before sending your contribution abroad, would it not be well to know that the children next door or on your block have sufficient food, and enough clothing to keep them warm?—The Texas Odd Fellow.

REGISTRATION for this session in the University of Texas reveals Medina county represented by the following students: Alva Roscoe Howard; Matthew Erwin DuBose. According to the records this is an increase of two compared with the last session. The severity of the matriculation requirements of the University of Texas has been steadily increased from year to year until at the present time the acceptance of a student into freshman standing means that the preparatory school from which he hails has done its work well. Despite the hard conditions in the state incident to the low price of cotton, the institution is now having one of its most prosperous years.

This year 2259 students are receiving instruction within its doors, a larger attendance than that of any other university in the south. It is interesting to note that 652 students of last session's matriculation were the sons or daughters of farmers or stockmen. About 1,000 students are wholly or in part self-supporting, or nearly 50 per cent of the entire student body is not only, in a measure, self-supporting, but self-educating.

Medina County has Seven Schools in Inter-scholastic League.

A. J. Robinson, athletic director of the University Inter-scholastic League, reports that a total of 605 schools have taken out membership in the league. There are 125 counties of the state represented in this organization. Medina county has seven schools represented in the league, as follows: Devine High School, superintendent L. H. Kidd; Devine (school) superintendent Annie L. Duncan; D'Hanis High School, superintendent, M. F. Kennedy; Hondo High School, superintendent, P. B. Peterson; Hondo (New Fountain) school, superintendent, Miss Ruby Langford; Natalia High School, superintendent, Gus Farrar; Yancey High School, superintendent, T. C. Hickman.

County directors are sending in gratifying reports as to the number of schools they expect to take part in the various events, including spelling, essay writing, declamation for boys and also for girls, debate, tennis, basketball and track.

The first county meeting was held February 26-27, at Three Rivers, in Live Oak county. State Chairman E. D. Shurter and A. J. Robinson, director of inter-scholastic athletics, attended this meeting, assisting as officials. They report an excellent meeting and an enthusiastic interest in the county.

The next county meets of the season will be held March 5th and 6th, when Erath, Leon, Medina, Blanco and Red River Counties will decide who their representatives shall be at their respective district contests.

WAS MONARCH'S CUP

Fine Old Drinking Vessel Lost for Centuries.

Last Used by King John of England and Greatly Coveted by a Certain Millionaire of This Country.

A certain millionaire from the United States northwest will be denied the pleasure of drinking out of King John's cup, which long, long ago formed part of the English royal treasure.

It is surprising how the newly rich so suddenly and violently develop a passion for the aged things and the antique! Rare paintings and tapestries engage many of them, and old castles, too; but this gentleman, though rich with his money, instinctively looks to the utility of things. Being a wine connoisseur—the best old wines, if you please—he conceived it an excellent idea to combine the contents and the receptacle in a harmony of things not entirely new. True, one cannot get real antiquity in wine, but if one has the money he can get wine of the very "age limit."

King John's Drinking Cup.

so to speak, and so excessive of price that even the silver cup of a long dead king would not be dishonored by it.

This particular cup was lost in the water more than seven centuries ago, and was recovered in the Wash, Lincolnshire. It is eight inches high and weighs 2½ pounds. And the metal worker who fashioned it was an artisan of no mean ability. But it is not for sale.

War and Friendship.

There are friendships among lovers of science and of literature that even the bitterness of war fails to break. It was Alexander von Humboldt, when the distinguished Arago was being abused, who, with a sigh, said, "Ah, that enemy is one of my dearest friends!" For several years there has lived at Gede, a little village hidden in the Pyrenees, a Monsieur Rondon, known to entomologists far and wide as an enthusiastic collector of butterflies. And M. Rondon is on the most amicable terms with Marshal von der Goltz, the personal friend of the kaiser, former organizer of the Turkish army. Marshal von der Goltz is himself an enthusiastic collector of butterflies. He is even said to think more of his lepidopterous treasures than of his trade as a soldier. He has written a number of articles on entomology and more than one of these has been dedicated to M. Rondon. There is even a rare and delicate butterfly that bears the name of this warlike Teuton.

Taking Care of the Careless.

"Self-preservation is the first law of nature." Every one says it, but no one proves it. After unnumbered centuries men cannot take care of themselves. They never could. Each man is his brother's keeper. But it is harder now than ever, especially in a big city. A moment's negligence or absent-mindedness or temerity and the policeman has to ring for the ambulance.

Recognizing the inability of people to take care of themselves and of the thronging, hurrying, self-engrossed inability of the units to take care of one another, Director of Public Safety Porter has formed a committee whose duty it shall be to make Philadelphia a safer city in which to live. The idea is good and the committee has a large and difficult task to accomplish. The movement should have the encouragement of every humane citizen.—Philadelphia Ledger.

Arm Broken, He Hunts On.

Isaac Miller, seventy-four years old, a member of a Bellefonte (Pa.) hunting party, out on the Alleghenies after deer, fell off a box in the hunters' tent and dislocated his left shoulder. So eager was he to get a shot at a deer that he refused to listen to the insistence of his friends that he come home, but strapped the upper part of his arm to his body and hunted all week. He walked six miles to the nearest settlement and was brought home, a distance of 40 miles, by automobile. The arm was reset and he is little worse for the experience.

How Expensive Vanity Is.

The vanity of thousands of Chicago firms in thinking that they are too well known to need to give their great addresses to the public and business stationery causes the post office extra expense, estimated at \$250,000 a year.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to our rivals and sells.

New Fountain Notes.

A slow soaking rain fell here all day Friday, the precipitation being one inch. The ground is now thoroughly soaked and a large percentage of corn will be planted this year.

Despite the muddy roads Saturday a good-sized crowd attended the masquerade ball at Quihi Saturday night. Earl and Curtis Eckhart of Bandera were down for the masquerade ball Saturday night.

Oscar Saathoff and wife have moved from Hondo to Quihi, where they have purchased the Henry Rohlf place and blacksmith shop from Thad Gilliam. Mr. Saathoff has re-opened the shop and will be pleased to serve the people in his blacksmith work.

Mr. and Mrs. Oscar Saathoff gave a party at their home at Quihi last Wednesday night. A nice crowd was present and the evening much enjoyed by them.

A pleasant surprise party was tendered Mrs. D. J. Lindeburg last Wednesday night in honor of her birthday. The evening was spent in playing games, etc., by the young people. Coffee and delicious cakes were also served, to which all did ample justice.

A baby girl gladdened the home of Mr. and Mrs. Henry Loesberg Saturday, Feb. 29th. All are doing well.

Mr. and Mrs. Alvin Mumme are also entertaining a new guest in the person of a sweet little baby girl.

The young people of Thousand Acre have organized a Singing Society at that place and meet, to sing, every Sunday evening.

Rev. Hofer, the Quihi pastor, is conducting services every Sunday evening, during Lent, in the Quihi Lutheran Church.

Adolph Nietenhoef was a business visitor to Pateet last week.

Mrs. Julie Loesberg of Quihi was called Saturday to the bedside of her son, Louis, in San Antonio, as, were also, the brothers and sisters of Mr. Loesberg. They arrived there in time to take farewell of their beloved son and brother who died at 10 p. m. Saturday, February 27th, after an operation for appendicitis. The deceased was born and grew to manhood at Quihi from where he moved to San Antonio. Besides his aged mother and brothers and sisters, he also leaves a wife and four children who mourn his death. The bereaved relatives have the sympathy of all who know them.

Elmer, the little son of Mr. and Mrs. Elmer Saathoff, had his shoulder dislocated by falling out of a buggy one day last week.

Mr. and Mrs. August Stiegler went to San Antonio last week where Mrs. Stiegler went to undergo an operation for appendicitis.

Oscar Moehring passed through our burg Sunday on his bi-weekly visit to Sturm Hill.

Robert Mumme of Bandera County was a business visitor in our burg Saturday.

Alfred and Willie Schientz of the upper Hondo visited home-folks at Vandenburg Sunday.

Mr. and Mrs. Anton Folk of Thousand Acre visited in our burg Sunday. New Fountain, Texas, March 3, 1915.

F. F. F.'s Meet.

Good times again came their way when the F. F. F.'s were royally entertained in the home of Miss Ella Hardt last Monday evening, March the first.

Several of the members brought their invisible spinning wheels and the yarns they spun, intermingled with the exciting games of forty-two, made the time pass only too fast for the merry guests.

After delicious refreshments were enjoyed by all, the crowd departed to meet Miss Pike who came in on the 10:43 train. Misses Marie and Dora Filleman were also absent.

Next meeting will be held with Miss Dorothy Harris.

Dille Farmers Organize.

Dille, Tex., March 4.—A local farmers' institute was organized here last night by Fletcher Davis, field agent of the State Department of Agriculture. The following officers were elected: S. N. Bush, president; E. N. Carey, vice president; H. A. Sackville, secretary; J. J. Yowell, entomologist. Dille has heretofore grown cotton as the almost exclusive money crop but farmers are adopting diversification this season and are taking great interest in the department's marketing plans. A large acreage is being planted to Sudan grass—San Antonio Express.

TURKEY IN HISTORY

Its People Descended From Wandering Asian Tribes.

Birth of Mahomet Has Been Given as 569, and His Teachings Have Always Been the Accepted Form of Religion.

Now that Turkey, "the sick man of Europe," has entered into the war, the facts of the early origin of this nation are of interest. With a population of 23,000,000 directly under the salus of Turkey today, it seems strange to reflect that when the Turks first appeared in history they were wandering Tartaric tribes, roving about the plateaus of Asia, and generally known under the name of Scythians.

They asserted that they were descended from a person named Tur, who was a grandson of Japhet. In the sixth century they left the barren tablelands of central Asia and spread into the steppes of the country now called Turkestan.

Their religion was a barbarous paganism, and owing to their roaming life and savage nature there was nothing of gentleness in their worship, not even a temple. Hence they presented an inviting field for the incursion of the Arabs, who at this period brought them into the fold of the Mahometan religion.

Mahomet was born in Arabia in 619, and though of wealthy parents, early devoted himself to the study of religions, reading both the Christian and Jewish books on that subject. His own people then professed a system of polytheism, but the reformer attacked this, preaching that there was but one God and that Mahomet was his prophet.

From a few followers his believers grew into the thousands, and when Arabia had been converted these Moslems, with fire and sword, entered Turkestan and obliged the Turk to accept the Mahometan religion. They soon became its most ardent exponents, and so great was the growth that today there are 200,000,000 people who believe in the Koran, the Mahometan bible, worshipping God as Allah and Mahomet as his prophet.

The green silk trousers of Mahomet were for a long time borne as the banner of the Moslem army. The incursions of the Turks into Europe won for them many Christian provinces at various times, among them being Armenia, Serbia and the Balkans.
